Alexandria, VA 22313-1450 COMMUNICATION

Sir:

Further to the telephone conversation that Applicants' undersigned attorney had with Ms. Wallace of the National Stage Division of the United States Patent and Trademark Office PCT Operations section, Applicants enclose an unsigned copy of the transmittal letter that was filed in the above identification application on January 18, 2006. Ms. Wallace has indicated that the copy of the transmittal letter that was received by the Patent Office identified International Application Number PCT/ES2004/000256. However, the correct International Application Number for the present application is PCT/ES2004/000260, as is indicated on the enclosed copy of the transmittal letter and as was indicated on the second page of the transmittal letter received by the patent Office. Thus, it appears that the first page of the transmittal letter received by the Patent Office included a typographical error. Correction of this error is respectfully requested.

I hereby certify that this correspondence is being facsimile transmitted to the Patent and Trademark Office, on: August 9, 2006
